02 MESSAGE FROM THE CHAIR

A Year in Reflection

When I started my WOHSS journey, 5 years ago, I never imagined that I would have this opportunity. I remember being in awe of the dedication and selflessness of all the volunteers it takes to run a not-for-profit organization. Time is so precious (especially in the safety world) with so many competing objectives – family, work, professional development – how could anyone possibly stay on top of it all. Well, I continue to be amazed today. The answer I often hear when I ask others is that it is our members that continue to inspire us. The challenges that many of our members continue to face motivates each of us to continue to work towards expanding our offerings to help meet the needs of our growing membership. THANK YOU to our fabulous board members and volunteers for your continued commitment and dedication.

Reflecting back on this past year, there are a couple things I'd like to highlight. One of the actions our members told us was a priority for them, in the membership survey completed last year, is to have networking opportunities. This past year we were able to offer more in-person events than the past 5 years (keep in mind, COVID was part of those years), including our first BC in-person event.

We also saw a change in our mentorship program where some of our mentees and mentors wanted 'quicker' mentorship – hence the offering of speed mentorship events. These are just a couple examples of the changes made to meet the needs of our changing membership. More will be highlighted during the committee updates.

So our future... where does WOHSS go from here? I'm pleased to announce that the Board has completed our new 5-Year Strategic Plan. This plan will ensure we remain a relevant and sustainable organization for years to come. However, a plan is just a plan unless it can be implemented, and we have just the board to do this. I'd like to take this opportunity to welcome our incredible new board members and to announce our new Chair, Nicola McGovern. Nicola has been an invaluable Board Member and brings an energy and professionalism that will ensure WOHSS continues to meet and even surpass our goals. And although we have another incredibly competent Board, we do still need volunteers to help us execute on our plan. Here's my plug..... please consider joining us as a volunteer, trust me when I say this is an exceptional community to give back to.

Finally, I would like to end this message by thanking our partners, volunteers and our members. It is because of you that WOHSS continues to thrive. One day I hope we don't need this society, but until that day comes, thank you for continuing to support our mission - building a better future for women working in OH&S.

Sincerely,
Leigh-Ann

GOVERNANCE AND LEGAL COMMITTEE

HOLLY HALE | COMMITTEE CHAIR

The Legal Committee has a mandate to provide advice and assistance with any activities requiring legal specialities. Governance as it is related to developing sustainability for the organization was umbrellaed under this committee In 2023.

COMMITTEE ACTIVITIES

In 2023 the Women in Occupational Health & Safety Society advanced from being provincially incorporated to being federally incorporated with Corporations Canada, meeting one of our top three priorities in establishing WOHSS as a respected sustainable national organization.

In 2024, the Governance and Legal Committee focused on continuing to provide advice and guidance to the WOHSS Board of Directors, as well as looking for opportunities to increase the organizations status, any efficiency improvements, and ensure compliance with being federally incorporated.

NOMINATIONS COMMITTEE

SHANNON BOLGER I COMMITTEE CHAIR

The mandate of the Nominations Committee is the recruitment, selection and ongoing development of members of the Board of Directors.

The committee is comprised of, at minimum, the Past Chair, a member of the Board of Directors, and representation from the WOHSS membership. This year, the committee was comprised of Shannon Bolger, Leigh-Ann Stewart, Dana Stamu and Susan McCarthy.

The committee sent the call for nominations out in early January 2025 and received an enthusiastic response.

WOHSS received the highest number of applicants to date, a fantastic sign of progress toward our goal of maintaining WOHSS as a sustainable national organization. There were 18 well-qualified applicants who exemplified the best of the WOHSS membership, bringing with them experience, passion, and professional success. The applicants displayed differences in their industry, geographical location, previous board experience, and time in safety.

As such, the Nominations Committee hereby puts forward on behalf of the Board of Directors for the Women in Occupational Health & Safety Society the following for a 3-year term starting May 1, 2025:

- Bhooma Raghavan – Calgary, Alberta

MENTORSHIP COMMITTEE

DANA STAMU & LAURA BEZEMER | COMMITTEE CO-CHAIRS

The Mentorship Committee mandate is to provide members with mentorship opportunities that are not always available to everyone in their place of work. This formal program has been designed with different streams making it accessible to the whole WOHSS network and all members are welcome to join at no additional cost.

The Mentorship Committee paired 38 mentees with 34 mentors in 2024. Similar to the year before, we had more mentees than mentors. In order to provide support to the mentees that were waiting for a mentor, we opened up micro-mentoring opportunities for those who were looking for a single session to address any concerns they might have while they waited for a formal mentorship pairing.

One of the committee's goals was to collaborate with universities and colleges that offer Health and Safety Programs to provide mentorship and guidance to new safety professionals that are at the beginning of their career. We were able to sign a partnership with Seneca Polytechnic Institute in Ontario for multiple mentorship sessions that included online Q&A discussions about the safety profession or first job, resume writing process, and mock interviews.

We are looking forward to new initiatives and accomplishments in 2025.
